Dear Mark:

My Project Coordinator, Mr. Marc Michon, informs me that you have now completed your close-out requirements for this project.

I want to take this opportunity to thank you not only for your timely completion of your close-out requirements, but also for the overall performance of United Lawnscape at our project. Your entire team exhibited friendly, professional, and client oriented attitudes which leaves everyone, from the Architect, to the Owner, and Walbridge Aldinger all with a very favorable impression of your company.

The quality of the plant and landscape materials you provided were all as good or better than those specified. You showed up and worked when you said you would, worked around the other jobsite activity without complaining, and finished the work when you said you would.

At the end of this job in March I will be preparing written Subcontractor evaluations for all of the Walbridge Aldinger subcontractors on this job. You will receive nothing but good marks for both your office and field staff, and I will recommend that you remain on Walbridge's "A" list for bidding future work.

Once again Mark, "kudos" for a job well done.

Sincerely,

Walbridge Aldinger Company

Richard P. Stephens  
Project Manager
